Weekend tour to Song-Kul Lake

Страна: Kyrgyzstan

Organizing any complexity of tours to Issyk-Kul, Son-Kul, around Kyrgyzstan and Central Asia. We guarantee you high quality of service and individual approach!:

Song-Kul Lake lies at an altitude of 3016 m, and has an area about 270 km and volume of 2.64 km. Lake's maximum length is 29 km, breadth about 18 km, and extreme depth of 13.2 m. It is the second largest lake after Issyk-Kul Lake, and the largest freshwater lake in Kyrgyzstan. The name means "following lake", is popularly considered to refer to this relation. It is surrounded by broad summer pasture and then mountains.

Day 1: Bishkek – Burana – Song-Kul

Meet a local driver and depart from Bishkek to Song-Kul Lake. Along the way, visit the Burana Tower, a small nearby Museum and open air Balbals (stone figures).
